KTA - Transformation Designer: Error occurred while attempting to connect to the repository

Summary
12259

While configuring the web server to use HTTPS & application authentication the Transformation Designer stopped working.

Trying to connect to the webservice/repository the following error is shown:

"An error occurred while attempting to connect to the repository. Please check your connection and try again"

To solve this issue, use the FQDN for the connection as SSL certificate is against FQDN and not localhost

FQDN: https://FQDN/TotalAgility/Services.Sdk in Transformation Designer

Keywords: TD, KTD, FQDN, localhost, TotalAgility/Services.Sdk
