What are the permissions for the KTA Designers Group?

3020568

Question / Problem:
What are the permissions for the KTA Designers Group? The KTA Online Help states that it is Full Control and Has Access. What is the difference between the two permission settings?

Answer / Solution:
Has Access means that a specified user is permitted access to KTA Designer.

Full Control means that the specified user can control the access rights for access to KTA Designer.

Applies to:

<table>
<thead>
<tr>
<th>Product</th>
<th>Version</th>
