How to Activate Kofax Products

QAID # 17593

The activation of a Kofax license is specific to each product:

- **Activating Kofax Capture**

  The instructions for activating Kofax Capture are documented when pressing the F1 – *Help* button in the Kofax Capture License Utility.

  ◦ To read more about Kofax Capture License Types, please refer to the Kofax Capture Administrator’s Guide.

  ◦ To read more about Kofax Capture License Management, please refer to the Kofax Capture Installation Guide.

  ◦ Both guides are available from articles located in the [Kofax Capture Product Documentation (Master)](https://knowledge.kofax.com/General_Support/Support_Details/How_to_Activate_Kofax_Products) article. (Other versions are accessible from there as well.)

- **Activating Kofax Transformation Modules**

  To activate Kofax Transformation Modules, please follow the instructions documented in the Kofax Transformation Modules Installation Guide (in the *Activate the Kofax Transformation Modules License* section), available from articles located in the [Kofax Transformation Modules Product Documentation (Master)](https://knowledge.kofax.com/General_Support/Support_Details/How_to_Activate_Kofax_Products) article. (Other versions are accessible from there as well.)

- **Activating Kofax Capture Add-ons**

  To activate Kofax Capture add-ons, such as Kofax Capture Advanced Reports, Kofax Capture Import Connector, Kofax Front Office Server, Kofax Import Connector, Kofax Import Connector, Kofax Monitor, or even VRS when purchased as part of a Kofax Capture license, please re-activate your Kofax Capture license to refresh the content.

- **Activating Kofax VRS**

  To activate Kofax VRS, please follow the instructions documented in the Kofax VRS Installation Guide (in the *Kofax VRS Installation* section), available from articles located in the [Kofax VRS Product Documentation (Master)](https://knowledge.kofax.com/General_Support/Support_Details/How_to_Activate_Kofax_Products) article. (Other versions are accessible from there as well.)

- **Activating Kofax Express**

  To activate Kofax Express, please follow the instructions documented in the Kofax Express Installation Guide (in the *Setting the License* section), available from articles located in the [Kofax Express Product Documentation (Master)](https://knowledge.kofax.com/General_Support/Support_Details/How_to_Activate_Kofax_Products) article. (Other versions are accessible from there as well.)
• Activating **Kofax TotalAgility**

To activate Kofax TotalAgility, please follow the instructions documented in the Kofax TotalAgility Installation Guide (in the *Installing Kofax TotalAgility Automatically* section), available from articles located in the Kofax TotalAgility Product Documentation (Master) article.

You will be required to obtain a Customer Portal User account to access this documentation.

• Activating **Kofax Web Capture**

To activate Kofax Web Capture, please follow the instructions documented in the Licensing Kofax Web Capture Guide, available from articles located in the Kofax Web Capture Product Documentation (Master) article.

You will be required to obtain a Customer Portal User account to access this documentation.
